

# Golden Groceries Registration

Thank you for your interest in registering for the Project New Village Golden Groceries program! We aim to provide you with good food. That is food that is sustainable, healthy, affordable, and accessible for everyone involved. This means fair pricing for growers and the freshest possible food for you. For \$25 a week you will receive pantry staples combined with seasonally grown produce and unique items that you won't find in the grocery store.

The following questions will help us in coordinating the selection and delivery of your Golden Groceries. Kelly Gray will be in touch with weekly offerings by email [kelly.gray@projectnewvillage.org](mailto:kelly.gray@projectnewvillage.org).
